Re: May 27, 2015 60-Day Notice of Intent to File Suit
Bond Construction Corporation
98 North Spencer Road, Spencer, Massachusetts

Dear Ms. Chorover:

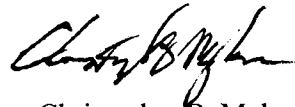

This is to respond on behalf of Bond Construction Corporation to your May 27, 2015 letter on behalf of Clean Water Action.

Field investigation has confirmed that there is no discharge to the waters of the United States subject to the Multi-Sector General Permit at or from the North Spencer Road facility in Spencer, MA. We are pleased to report this condition to you within the 60-Day Notice period.

Please refer to the attached report confirming the foregoing.

As you know, in the absence of on-going violation, there is no basis for suit against Bond Construction Corporation.

Very truly yours,

Christopher B. Myhrum

Re: Bond Sand, Gravel and Asphalt
98 North Spencer Road
Spencer, MA

Dear Mr. Myhrum:

On Tuesday, July 21, 2015, I visited Bond Sand, Gravel and Asphalt at 98 North Spencer Road in Spencer, Massachusetts (the Site) and examined the Site perimeter and the Site's operations and management of process water and stormwater runoff. I did not observe any point source discharges of stormwater from the Site to Waters of the United States or wetlands.

Please do not hesitate to contact me if you have any questions.

Very Truly Yours,
GZA GEOENVIRONMENTAL, INC.
